13. Election of Committee. (Chairman)
14. Catch Returns for 2022. (Catch Returns Officer)
15. Presentation Night / Social Evening (Chairman)
16. Proposals. (Chairman)
17. Proposed Rule Change for C&DAS. (Extract from email dated 3 Jan 2023).

"I would like to propose a rule change for the club AGM. Daniel Starsmore will second the proposal. Appreciating that my previous attempts at helping the club to introduce Catch and Release Byelaws have sadly been treated with contempt at AGMs, I would like to propose a softer rule change that introduces a trial period of Catch and Release for trout on one of our beats (perhaps for a 3 or 5 year period), for the purpose of gathering evidence as to whether or not we should be going down this route as a club on all our waters. I think it would be very interesting and forward thinking of the club to see if there is any effect on stocks, and size of fish over a period of time. This is something we have very limited evidence of on the Usk, as almost all beats still allow the killing of fish. I would of course be keen to engage with the committee and have a good discussion about which beat the trial could be held on.

Many thanks, Alistair Andrews"

18. AOB. (At Chairman's discretion). (Chairman)
19. Meeting Close. (Chairman)
